CONCESSION FEE POLICY

ADMINISTRATION FEE

After payment of the admin fee, patients will then be eligible to be bulk billed for the next 12 months.

Due to inflation and your Medicare rebates not keeping up with it, JBMC will be introducing a yearly admin fee of \$40 for certain concession card holders:

- Aged pension card holders
- Disability pension card holders
- Healthcare card holders

The \$40 admin fee will be paid as an out of pocket fee on the item number that is charged on the day.

Upfront Charges

Consult	Fee	Rebate
Item 23	\$81.20	\$41.20
Item 36	\$119.70	\$79.70
Item 44	\$157.40	\$117.40
Item 91891 - Telehealth	\$81.20	\$41.20

This is payable at the patients consultation and the fee will be renewed every year from the date the admin fee is paid.

FAMILIES

To make it easier for families attending Joseph Banks Medical Centre we have put a limit on our admin fee at \$80.

This means once two people in the family have paid for their fee, the rest of the family will be eligible to be bulk billed for the rest of the financial year.

Alternatively families can pay \$80 at their first appointment if they know they will utilise this policy.

Families are considered spouses and their dependants.

FACILITY FEES

Please be aware that not all appointments will be bulk billed.

For certain appointments such as procedures and iron infusions there will be an out of pocket fee.

Please ask reception if you have any questions.

DR KRYSIA DEBICKI

Dr Debicki has her own billing schedule for concessions card holders.

If concession card patients are to see her they will expect to pay a discounted fee of approximately \$20 out of pocket for appointments regardless of whether the \$40 admin fee has been paid.

Patients of Dr Debicki will not have to pay the admin fee to get this discounted rate.

DVA GOLD CARDS

Patients with a DVA gold card will have no out of pocket fees.
